

Rectangular Coaxial Connectors, TC-15 Series <6GHz>

■ Features

1. High mating retention force of the plug and receptacle with a metal locking type.
2. An automatic mountable connector with the receptacle of an edge mounting type and its profile as low as 4.5mm height × 12mm width × 11mm depth.

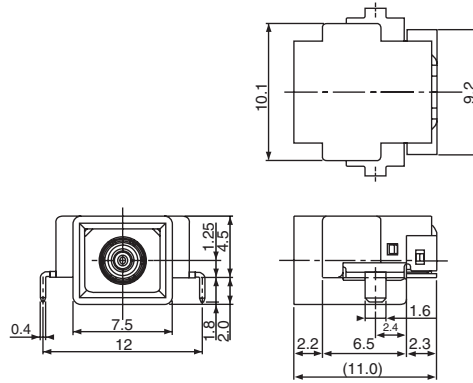

■ Specification

1. Frequency Range : DC to 6GHz
2. V.S.W.R. : 1.5 max.
3. Tensile Strength : 100N min.

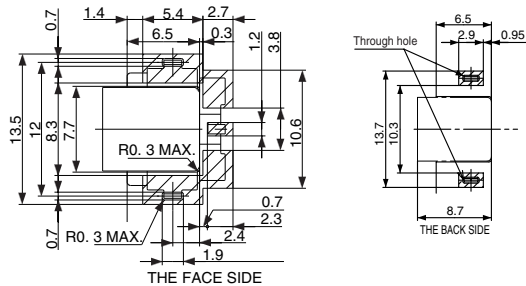

■ Material and Plating

- Housing : Thermoplastic Resin
- Terminal : Cu Alloy, Au Plating, Steel Use Stainless (SUS), Sn Plating

● Receptacle CRS5001-3202F

■ P.C. Board Dimension

● Plug CRC9001-4401F
