

Push Switches

Low Profile Horizontal Push Switches (Middle Mount) : JPM (THP-MM) Series

■ Features

1. Slim design with a switch body height of 1.2 mm.
2. PCB cutout mounting enables a height of 0.7 mm from the board surface.
3. Two operating force options: 1.6 N and 2.2 N.
4. Self-alignment during mounting ensures high mounting strength.

■ Specifications

- External Dimension : 3.8×3.0×1.2mm
- Rating : DC 12V, 50mA
- Circuit : SPST
- Life Cycle : 100,000 cycles
- Operating Force : 1.6N, 2.2N
- Travel : 0.25mm
- Packing Quantity : 5,000pcs/Reel

■ Product Lineup

Drawing No.	Force
JPM1990-6611F	1.6N
JPM1990-6211F	2.2N
